In case of a life-threatening emergency, you should dial **911**.

An after-hours emergency necessitating a call from an owner to the management company would typically involve a water pipe leak, sewage back up, or fire.

Some situations, which are NOT considered emergencies, are:

- Noisy neighbors
- ACR request
- Questions about account balances
- Illegally parked cars
- Rules violations

While not emergencies, these types of situations are important but are better handled by the Community Manager during normal office hours rather than an after-hours on-call technician.

#### **Amenities and Facilities**

Covengton Square offers a clubhouse, gym, and swimming pool for owners and residents.

#### Clubhouse

The Covengton Square Clubhouse includes a gathering space for events. Community events and homeowner meetings are held in the Clubhouse. Owners can reserve and rent the clubhouse to host personal events such as birthday parties, book clubs, etc. No political-affiliated events are allowed in the clubhouse. To book the clubhouse, fill out the <u>reservation request</u> on the Covengton Square website!

#### Gym

The gym is in the Clubhouse. Those who wish to use the gym should enter through the pool gate and then through the back door of the clubhouse. Owners should contact the management company or Board of Directors for the code to enter the clubhouse gym. The gym includes 1 stationary bike, 1 treadmill and 2 elliptical machines. There is also space for stretching, free weights, etc. Please be sure to wipe down all equipment after you are finished with your workout.

## **Swimming Pool**

The pool at Covengton Square is one of the community highlights. The pool is open each year from Memorial Day weekend through Labor Day. Pool hours vary from year-to-year but are always posted by the pool and in the community newsletter. Please refer Appendix A in this handbook or the Covengton website for a complete list of Pool Rules.

#### Newsletter

<u>Covengton Community News</u> is our quarterly newsletter sent out by the Board of Directors. You can find copies of current and previous newsletters on the Covengton Square website.

## **Monthly Association Fees**

As of January 1, 2025, the monthly association fees (COA dues) are \$250 per unit per month and are due on the first day of each month.

In addition to monthly dues, each owner must pay an additional \$250 reserve boost by January 31st each year.

Members who are in arrears on the payment of monthly dues or assessment fees relinquish pool, gym, and clubhouse privileges until dues and fees are paid and up-to-date.

#### What Your Dues Include

The Board of Directors, with the help of the management company, oversees and manages the budget and controls community costs.

Your dues are budgeted in two categories: (1) Operating funds and (2) Reserve funds.

Everyday costs are cared for and covered in your monthly dues as part of the operating budget. Every unit in the complex shares in the cost of maintaining the common areas and services.

The reserve portion of your dues fund a reserve account that is maintained for unanticipated major expenses. Though the Board does anticipate and plan for major expenditures, sometimes there are unplanned events (e.g., emergencies, unanticipated repairs).

Increases in dues are governed by the Covengton Square COA Bylaws. Each year, at the Annual Homeowners' Meeting, the Board reviews the individual costs for each category and submits a budget for anticipated needs for the upcoming year.

For a complete list of services covered by monthly dues, please see Appendix B.

## **Late Payments and Collections**

Any monthly dues and/or assessment not paid within 30 days will be subjected to interest at 18% per annum until paid in full (Covenants, Article VI, Section 6.1). After 3 months of non-payment, a lien may be placed on the property. Foreclosure on the claim of lien, pursuant to Chapter 47F of the North Carolina general statutes, will begin after 6 months of delinquency.

See Appendix C in this handbook for our complete Collections Policy or view the policy on the Covengton Square website.

#### Maintenance

## **Community Inspections**

Property inspections of Covengton Square are conducted twice a year by a licensed contractor. The Board of Directors receives a report following each inspection, reviews the budget, and prioritizes work orders needed to maintain the upkeep of the community.

#### **Termite and Pest Control**

All buildings in Covengton Square have 10-year termite warranties issued in 2024 through Otho's Pest Management (now known as Rocket Pest Control). If you suspect termites in your unit, contact Rocket Pest Control immediately.

Rocket Pest Control also conducts quarterly pest control maintenance on the exterior of each building. There is no cost to have the interior of your home treated. Contact Rocket directly for an interior spray of your unit (252-227-4005).

#### Other Maintenance Contractors

The COA contracts with vendors for landscaping, pool maintenance, roof repair, handyman work, fire monitoring, and sprinkler system backflow testing among others. If you have a special request or would like more information on these service providers, contact the Board of Directors.

## Service Requests (aka Work Orders)

<u>Service Requests</u> can be submitted through the Covengton Square website. A service request is a formal request for repair, operations, or maintenance work the Association or your unit needs. This request initiates the repairs or maintenance tasks and clarifies the details of the job. Keep in mind that depending on maintenance responsibility, the cost of the service request may be billed back to you if the maintenance conducted is owner responsibility.

## **Maintenance Responsibility**

The documents that govern the Association (e.g., covenants, NC statutes, etc.) stipulate maintenance responsibility between the COA and owners. Maintenance of the interior of a unit and the patio and screen porch area are the owner's responsibility. For a full list of maintenance responsibilities, see Appendix D in this handbook or the Covengton Square website.

#### **Regular Unit Upkeep**

The NC Condominium Act and the Covengton Square COA covenants require that unit owners keep their unit in "GOOD REPAIR." Owners should do the following to maintain regular upkeep of their unit:

• If you are leaving the unit vacant for a length of time, cut off water and have someone routinely inspect your unit while away or vacant.

- Maintain a 55-degree minimum temperature during the months of November,
   December, January, February, and March of each year.
- Check for toilet leaks. Place a small amount of food coloring in the tank of the toilet, wait 5 to 7 minutes, and then check to see if a leakage from the ball and float assembly is detected. Check the floor area after flushing to see if water is evident, also check all water supply lines and drain lines to ALL fixtures. Any leaks or signs thereof are your "good repair" responsibilities.
- All icemaker waterline issues are the responsibility of the owner.
- All components of air conditioner units are to be maintained and are the responsibility of the owner. If any leaks come from any components of the air conditioner (like the supply line, duct work, etc.) are the responsibility of the owner.
- **Dryer vents are owner responsibility.** This includes cleaning dryer lines inside as well as outside vents. Use dryer vent filters and clean often. NO nonmetal vents are allowed.
- All washing machine waterlines should be replaced every two (2) years, and owners should keep receipts for proof.
- All upstairs water heaters are to have a drain pan installed that drains to the exterior of the building. The drain needs to be tested to assure drainage.
- Water heaters need to be installed by a licensed and insured contractor. The water heaters should be installed per manufacturer recommendations and meet code. Best practice is to include appropriate safety features designed to prevent water leaks. This includes use of drain pans, leak detection, drain line to the exterior of building, etc.

#### Water Leaks

You should only attempt to do this yourself in the case of an EXTREME EMERGENCY. In the case of an emergency, you may also call 911 and the Fire Department can turn off the water to the building.

## **Rules and Regulations**

All residents (owners and tenants) are required to abide by the guidelines set forth in this document in addition to the recorded Restrictive Covenants and Bylaws for Covengton Square Condominium Owners' Association, Inc.

The owners of the property in violation of this ordinance are subject to enforcement action up to and including the issuance of civil citations of \$50 per day for each day the violations continue.

Non-resident owners are required to promptly notify the Board of Directors with information regarding their tenants and a copy of the lease should be available upon request. Any homeowner who rents their unit must provide the Board of Directors with the name(s) and contact information for tenants prior to occupancy. A <u>tenant information form</u> is available on the Covengton Square website.

The ten (10) feet of clearance also applies to combustible materials such as pine straw, pine bark, and other combustible landscaping materials. Any damage to the patio or the common areas because of heat and fire from the grill will be the responsibility of the homeowner.

- Grilling is ALLOWED on the grass areas more than ten (10) feet from the building and any combustible materials.
- Grilling is strictly PROHIBITED on the second-floor porches. Upstairs owners' may store
  grills at the entry of their units, as long as this does not block any areas of entrance for

All cars, no matter where they are parked, MUST have current license/inspection stickers, and should remain in drivable condition (this includes keeping tires inflated).

Any concerns of suspicious or illegal activities MUST be reported to Law Enforcement as the COA has no authority over these issues.

## Smoking/Vaping

Smoking and/or vaping, including marijuana smoking, is not allowed in the common areas at Covengton Square. The COA has no authority to confront a resident regarding smoking marijuana inside their unit. Condos share some ductwork, and smoking marijuana can become a nuisance to homeowners and tenants in the building. This type of complaint should be made to the Greenville Police Department (252) 329-4315, not the COA.

#### Personal and Decorative Items

All personal property is to be stored within the porch areas ONLY. Items are not allowed to be stored anywhere outside nor are they permitted at the entrance ways to the units. All decorative items in front of units must be well maintained at all times. If any complaints are received, the Board of Directors reserves the right to request removal of any items.

Only curtains or venetian blinds should cover the windows. No flags, banners, or other colorful material may be used as drapes, curtains, or coverings.

## **Outdoor Water Usage**

The Association pays the monthly water/sewer for the outside of the building spigots in Covengton. Once the bill is received, the totals are compared for the usage each month. To prevent high water bills due to wasted water, excessive use of water for watering outdoor plants or washing cars is discouraged.

- frequent, habitual howling, yelping, barking, fighting or making of other noises which disturb the neighborhood;

- by virtue of number or type is offensive or dangerous to the public health, safety or welfare;
- or any act, noise or condition created which is offensive to people or destructive of real or personal property.

#### **Pet Waste**

No one likes to see piles of dog waste or smell its odor from our windows or patios. Granted, there are dog owners who consistently "pick up" after their dogs, and do not cause unpleasant problems for others. Each owner is responsible for removing waste made by his or her pet.

Pet owners are responsible for removing and properly disposing of pet waste wherever it is deposited, including deposits on the pet owner's property. Plastic bags containing the waste are not to be left outside on the ground, or in or behind bushes, in open containers outside, or at front porches. The Board of Directors will review the ACR request and get back to the owner in a timely way with a decision.

No personal trim is allowed. No more than five (5) pots or planters are allowed by first-floor patio doors. Solar lights are discouraged. Statues and lawn ornaments are prohibited. **All landscape modifications must be approved by the Board of Directors** by completing the Architectural Change Request form on the Covengton Square website.

Under no circumstances are residents to plant any trees, shrubs, or flowers in the common areas. Residents may NOT plant winter rye grass in front of their unit. Unobstructed access for mowing the exterior of the unit's grounds must be provided by all units.

#### **Storm Doors and Windows**

#### Insurance

## **Master Policy**

Per Article VIII of the Covengton Square COA covenants, the Association maintains a master casual insurance policy Covengton Square property and public liability insurance for the benefit of the Unit Owners, Occupants, the Association, the Board, and the managing agent. In addition, a worker's compensation policy was adopted in 2023 to align with Section 8.4 of the covenants. While we do not have any employees per se, statutorily the NC labor laws define any vendors we hire as employed by the COA. Having a worker's comp policy protects the Association from having to pay wages if some working was injured on site.

Our master policy is available for review through our local insurance agent. Please contact the Board of Directors or the Community Manager for more information.

## **Personal Insurance Requirements**

As also addressed in Article VII of the covenants, each unit owner is encouraged to obtain personal insurance to the extent and in the amounts deemed necessary to protect their own interest, cover personal property, additional living expense, condominium assessment, personal liability, and any other coverage obtainable. Purchasing personal insurance is at the expense of each owner. We cannot express enough the importance of each unit to obtain and keep an HO6 policy, which covers the homeowner's personal property, with a \$5,000.00 assessment rider to protect the owner. We know this is not required by the Declarations but is HIGHLY advised. The association does not absorb the deductible, cost is levied to the involved unit(s).

## Appendix B – Services Covered by Monthly Dues

# **Covengton Square Condominiums Owners' Association, Inc. Dues Explanation**

Effective: December 2023

The Board of Directors, with the help of the management company, oversees and manages the budget and controls community costs.

Your dues consist of two categories: (1) Operating and (2) Reserve funds.

Everyday costs are cared for and covered in your monthly dues as part of the operating budget. Every unit in the complex shares in the cost of maintaining the common areas and services.

The reserve portion of your dues fund a Reserve account that is maintained for unanticipated major expenses. The Board does anticipate and plan for major expenditures, but sometimes there are unplanned events (e.g., emergencies, unanticipated repairs).

Increases in dues – both Operating and Reserve – are governed by the Covengton Square COA Bylaws. Each year, at the Annual Homeowners' meeting, the Board explains the individual costs for each category and provides a budget for the next year's anticipated needs.

## **Online Payments**

For online payments, visit www.casnc.com/pay-dues/

## **Returned Bank Items**

All returned bank items will be subject to a \$35.00 Returned Bank Item Fee.

## **Courtesy Late Statements and Homeowner's Responsibility**

If your payment is late, a late notice is sent and late fees are applied. It is the homeowner's responsibility to pay monthly COA dues on the first of each and every month. It is also the homeowner's responsibility to pay each late fee that is assessed, regardless of the receipt of the monthly late statement. It is the homeowner's responsibility to provide written notice of any changes in the billing address, and/or change(s) in the title of the property, as well as stopping any draft payments.

## **Special Assessment Due Date**

Special Assessments shall be due on a date specified by the Board of Directors in a notice

imposing the assessment. (Due date: Minimum thirty (30) days after the assessments in imposed).

## **Payment Receipts**

Owners can request a receipt from the Association by asking the management company.

## **Closings**

Should a unit sell, and the closing attorney or realtor does not contact the management company to research the dues owed on said unit's account, the balance owed (if any) will be assumed by the: (1) new owner (2) closing attorney (3) realtor(s) or (4) prior owner.

## **Payment Plan Policy**

- 1. Request by homeowners for payment plans to cure delinquencies will be considered by the Board of Directors on a case-by-case basis. There is no guarantee written or implied that a payment plan will be granted. The Board of Directors has sole discretion whether to approve a requested payment plan.
- 2. The submission of a payment plan request to the Board of Directors does not delay collection proceedings, does not constitute a waiver by the Association of any default, and does not relieve the owner of the obligation to pay all assessment, late charges, legal fees, collection costs, and interest when due.
- 3. The homeowner must submit the request in writing, and not later than fifteen (15) days of receipt of the Pre-Lien demand letter. The homeowner should describe in the request any circumstances the Board of Directors should consider. The homeowner should also attach to the proposed payment plan a check for the amount of the first payment as proposed in the payment plan.
- 4. If the owner wishes to submit a payment plan request after the owner has been contacted by the Association's attorney regarding the delinquent account, the request for a payment plan with all attachments should be remitted by the owner directly to the attorney.

## **Delinquency Policy and Collections**

- Payment is due on the first day (day 1). Your payment is considered late after the 31<sup>st</sup>. Late fees of \$25.00 are applied on the 31st.
- The first late notice is sent after late fees are applied.
- After day 60, a final late notice is sent.
- After day 90, a pre-lien demand letter is sent. The pre-lien demand letter is a demand for payment and offers the homeowner fifteen (15) days to pay the debt in full without incurring attorney's fees and costs associated with the collection of the debt. If the debt is not paid in full within fifteen (15) days from the date of said letter, the account will be turned over to an attorney. The pre-lien demand letter will be sent via first class mail to all owners of record itemizing all amounts due. The pre-lien demand letter via first class

mail will be sent to the: (1) address on record, (2) unit address, and (3) address on file with the Pitt County Tax Office.

- If there is no response to the pre-lien demand letter within the 15 days, the account is sent to the attorney.
- The attorney will send a demand letter, which includes a 10-day grace period. Attorney fees are paid by the homeowner.
- If there is no response to the attorney demand letter, a lien is placed against the homeowner's property. A letter demanding payment including attorney fees is sent to the homeowner with a copy of the lien. The grace period for payment is 30 days. The homeowner is responsible for all legal fees associated with filing a lien and/or collections.
- After this 30 day time period, the foreclosure process begins. Foreclosure authorization from the Board of Directors is obtained prior to the foreclosure hearing.

At any time before the 90 days, the owner can work with the management company to put a payment plan in place. Homeowners are expected to fulfill any commitments made in a payment plan. This is generally a one-time opportunity.

After an account is turned over to the attorney, the community manager, management company staff, or the Board cannot enter dialogue with the owner regarding the account. The attorney will be the only contact for the owner regarding this situation.

Until the account is current, all checks must be sent to the attorney, not to the management company or to a Board member. Any check sent to the management company will be forwarded to the attorney. Payment will be considered received when it is in the attorney's office. The account is not current until all fees are paid to the attorney at which time the lien will be cancelled and the file closed.

## **Foreclosure**

Any time after four months (4) or (120) days past due date, the Association may file foreclosure on the property. Prior to commencement of foreclosure, the Board of Directors will approve the foreclosure in a Board Meeting and note the approval in the regular minutes of the Association to include either the address of the property or the homeowner or both. The Board of Directors also has the option to turn the account over to the attorney for collections as per the attorney recommendations. Water damage assessments are not to be included in these arrears unless the Board of Directors chooses to do so.

## Appendix E – Leak Policy

## Covengton Square Condominiums Owners' Association, Inc. Leak Policy

Effective: January 2017 Updated: November 2023

We provide emergency services 24 hours a day, 7 days a week. Our management company will respond to all emergencies.

In the event of a water damage to a building or a leak, call our community manager at the management company (see page 6). If it is not answered leave a message and/or call the main number within the next 5-10 minutes for a management company representative.

When the management company receives a call from a homeowner reporting a physical damage primarily relating to water damage, the following actions are initiated and completed per the approval of the Covengton Square Board of Directors.

- 1. Upon receiving an emergency water damage call, the management company will dispatch a plumber to respond to the problem or issue as well as telling the homeowner/tenant to cut the water off.
- 2. The management company will contact the owners/tenants of any units that are involved in the leak to get the plumber in to investigate. If the management company can't speak with a homeowner/tenant, the management company has a right to call a locksmith to the unit to open the unit up for the plumber. The cost of the locksmith is a minimum charge of \$75 and it will be billed back to the owner per board approval. It is the responsibility of the owner to keep the management company updated with their contact information.
- 3. Upon arrival to the property, the plumber will follow the below procedures.
  - a. Plumber will locate the source of the leak and will try to "stop" the water from causing further damage.
  - b. Plumber will let the management company representative know where the leak was coming from so the representative can determine who is responsible for the damage and repair (Covengton Square COA or Owner). Pictures will be taken by the plumber to be shown to the management company for their files.
  - c. If it is determined that it is an COA repair, the plumber will go ahead and repair if possible. If it is an Owner repair, the owner will be notified what the cause of the leak was and that it is their responsibility to hire a person to get it repaired ASAP.

- d. Before the plumber leaves, an initial assessment of the damage will be made is water extraction needed and what has been damaged by the water that will need to be repaired. The plumber will notify the representative of the management company and let the representative know what the assessment of the damage was.
- e. If the water damage is the responsibility of the association and water extraction is needed the management company representative will call out a mitigation contractor to start the extraction of water and the drying process.

If the water damages another unit but it is determined that the Owner of the unit where the leak originated is responsible, the management company representative will call out a mitigation contractor to start the extraction of water and the drying process. Upon approval of the Board this will be billed back to the owner of the unit of where the water damage originated.

If the water damages only the unit that it originates in and it is determined that the Owner is responsible for the repair, the owner will be responsible to call any mitigation contractor within the next 24/36 hours to start the extraction of water and the drying process.

- f. In all cases, the mitigation contractor will take pictures to support the findings and the damages.
- 4. If the damages and repairs are the responsibility of the OWNER, the management company will suggest to that owner to contact their insurance agent to inform them of the situation.

The Master Insurance Policy has a deductible of \$5,000.00 and only makes repairs to bring the unit back to its original construction. If the unit has "betterments" the owner or owner's insurance is responsible to pay the difference. If the homeowner places a claim or if the Association places a claim, the owner could be assessed the \$5,000.00 deductible from the COA Board. Placing claims on the master policy can lead to premiums rising and/or the insurance company dropping the COA.

5. If the damages and repairs, in their unit, are the responsibility of the OWNER, the OWNER has up to 7 days from the day the water damage occurred to <u>start</u> getting the unit repaired. If this does not happen, the Association could intervene and decide to repair the unit back to its "original" construction and bill the owner back the costs of the repairs.

If this is a repeated leak within 8 days from the original leak (in the same location), there will be no coverage under the COA's insurance policy.

If the damages and repairs are the responsibility of a UNIT OWNER, but in a unit other than the responsible owner's unit, after the drying process is done the management company will issue a work order to a contractor of the Board's choice to make the necessary repairs to the unit back to its "original" construction. The Board will then assess the cost of the repairs to the owner who is responsible for the repairs.

If the damages and repairs are the responsibility of the ASSOCIATION, the management company will issue a work order to a contractor of the Board's choice to make the necessary repairs to the unit back to its "original" construction.

## Responsibilities of the ASSOCIATION

- 1. If a leak originates in a common element or due to the acts or omissions of the Association or its agents.
- 2. If a pipe bursts between the walls of the units, or outside the walls.
- 3. If a pipe bursts in the ceiling.

## **Responsibilities of the OWNER**

- 1. Leaks originating within the unit boundaries due to the acts or omissions of the owner, tenant, agent, or guests.
- 2. Leaks that cannot be attributed to the acts, omissions of a unit owner or the Association, damages to the limited common element itself (Elements of condominium living units that are assigned to specific tenants but are still considered to be property of the condominium. Limited common elements can include front doors, balconies or windows. They can also extend to parking places and boat slips.), will be repaired by the Association; however the cost associated with these repairs will be assessed to the unit.
- 3. If a leak originates from inside the unit
- 4. If a leak originates from a toilet, sink, shower, tub, washing machine, water heater, HVAC, or garbage disposal.
- 5. If a leak originates from a supply line inside the unit from an icemaker, A/C, HVAC, etc.

**Note:** This policy can be changed at any time at the discretion of the COA Board of Directors. In the event the policy is changed or modified, owners will be notified.
